CREW to Examine Private Investor's View of Collision Repair Industry

The upcoming Collision Repair Executive Webcast (CREW) on July 29 will welcome Tony Cristello, Senior Vice President, Equity Research, BB&T Capital Markets, who exclusively follows the automotive aftermarket covering suppliers, distributors and repairers. Cristello will discuss the automotive aftermarket in general, economic trends and the investor's view of the collision repair space.

BB&T is a financial holdings company with over \$166 billion in assets.

Each CREW webcast is formatted to provide topical, high-level industry information, as well as a special guest presenter. The delivery format is a web-based visual presentation of the content, a simultaneous audio conference call and the capability for participants to question the presenters. Erick Bickett of Fix Auto, Matthew Ohrnstein, of Symphony Advisors, and Vincent Romans, of The Romans Group, produce and present the semi-monthly, one-hour webcast meeting.

There is no cost to participate in the webcast but reservations are required.

If you are interested in joining the CREW webcast on Thursday, July 29, 2010 at 11:00 a.m. Pacific Standard Time or any future CREW session, please contact Liz Stein at (714) 279-2027 or via e-mail at crew@fixauto.com.
