I-CAR President John Edelen Next Guest of CREW Webcast

The Collision Repair Executive Webcast (CREW) will welcome John Edelen as its guest on the February 4 segment of the informational online industry presentation.

Edelen's presentation, "Recognizing Professional Development through Training: Building a Framework for the Future" will outline I-CAR's new Professional Development Matrix, set to launch in July, 2010. Among the many new features of the matrix are delivery of more timely and relevant training, and greater definition and recognition of the levels and specific training curriculum required for various collision repair professional jobs.

Edelen has served as the President and CEO of I-CAR since December of 2007. Prior to his work with I-CAR, Edelen was with Allstate Insurance Company, where he was the officer responsible for the company's policies, practices and procedures for the handling of auto damage claims. John is a graduate of Rutgers College, of Rutgers, the State University of New Jersey. He is also a graduate of New York Law School, and was admitted to the practice of law in New York and New Jersey.

Each webcast includes topical, high-level industry information, as well as a special guest presenter. The delivery format is a web-based visual presentation of the content, a simultaneous audio conference call and the capability for participants to question the presenters. Erick Bickett of Fix Auto, Matthew Ohrnstein, of Symphony Advisors, and Vincent Romans, of The Romans Group, produce and present the semi-monthly, one-hour Webcast meeting.

Reservations are required, but there is no cost to participate. If you are interested in joining the CREW webcast on Thursday, February 4, 2010 at 11:00 a.m. Pacific Standard Time or any future CREW session please contact Liz Stein at (714) 279-2027 or via e-mail at crew@fixauto.com.
