Tune in to CREW Webcast with Guest Terry Fortner, Nationwide

The guest speaker on the July 19 Collision Repair Executive Webcast (CREW) session will be Terry Fortner, Associate Vice President (AVP), Material Damage Technical Claims and Auto Subrogation for Nationwide Insurance.

Fortner will speak on trends within the P & C Insurance Industry, results and insights gained from Nationwide's recent advisory council meeting with collision repair organizations, and Nationwide's Blue Ribbon Program current status and future direction.

Terry Fortner has been with Nationwide since 1977 and is currently responsible for corporate auto physical damage and auto recovery claims. Mr. Fortner leads an organization of more than 500 people who are located throughout the United States.

Mr. Fortner was recently elected to the I-CAR Education Foundation board and participates on the CCC Advisory Council, COPART Advisory Council and Keystone Automotive Advisory Council. He recently completed a six year term on the I-CAR International Board of Directors and previously served on the Collision Industry Electronic Commerce Association (CIECA) Board. He is frequent speaker at industry events and meetings.

CREW is hosted by Fix Auto. The bi-monthly, one-hour Web-based visual presentation is presented by Matthew Ohrnstein, Symphony Advisors, and Vincent Romans, The Romans Group.

There is no cost to participate in CREW but prior registration is required. Those interested in joining the CREW session may call the CREW help desk at 1-888-505-CREW or e-mail crew@fixauto.com or visit <http://www.crewwebcast.com>.

The Webcast begins at 11:00 am Pacific time and lasts one hour.
